

Debaro GmbH specialises in recruitment services, the organisation and implementation of online data surveys and has its own panels in Germany.

Market research of the highest standard

QUANTITATIV

In cooperation with our partners, we offer all quantitative methods in the online sector. Depending on your requirements, we choose the right method and the technical implementation and conduct the interviews for you.

EVALUATION & RESULT FINDING

You will receive all collected data and answers clearly visualised.

QUALITATIV & SERVICES

We bring your group discussions and individual interviews (IDIs) online. From the tech check to the management, the moderation or implementation of the interviews to the translation or transcription, we take care of the entire process.

RECRUITMENT

Whether B2B, B2C, HCP, qualitative or quantitative: we have the right test subjects for you.

The company was founded in 2020 and is part of the German umbrella brand TESTSTUDIOS Deutschland, which, with its sub-brands m-s Teststudios, Punkt Teststudios and H+G Teststudios, offers all kinds of market research services inside and outside research facilities. It is the largest network in Germany with its own facilities in ten German cities (Bochum, Berlin, Essen, Frankfurt, Hamburg, Cologne, Leipzig, Nuremberg, Stuttgart and Munich).
