

AmeriSpeak

www.norc.org

AmeriSpeak Omnibus is a nationally representative sample of U.S. adults, drawn from the AmeriSpeak Panel. AmeriSpeak is a “probability” panel, where households are selected randomly from NORC’s National Sample Frame, the industry leader in sample coverage. Respondents are interviewed online and by phone from NORC’s AmeriSpeak Panel – the most scientifically rigorous multi-client household panel in the United States.

* AmeriSpeak and Foresight 50+ households are selected randomly from NORC’s National Sample Frame, representative of over 97 percent of U.S. households and includes additional coverage of hard-to-survey population segments, such as rural and low-income households, that are underrepresented in other sample frames. AmeriSpeak and Foresight 50+ use U.S. mail notifications, NORC telephone interviewers, and in-person field interviewers to recruit panel households. Because of this rigorous recruitment, AmeriSpeak and Foresight 50+ surveys achieve the highest response rates of any multi-client research panel.
