

AskByTel conducts B2C and B2B telephone surveys on behalf of well-known clients and in co-operation with renowned research agencies, field service providers and universities. From our telephone studios in Gran Canaria and Tenerife, our experienced team of native speakers from Western Europe covers topics from market, opinion, social and economic research as well as customer satisfaction.

With over 60,000 interviews in 2024, we continue to grow steadily.

Quality assurance is our top priority. Thanks to modern technology, constant innovation and continuous process improvements, we can respond quickly and efficiently to your requirements.
